

# Welcome to Mission Health's Social Service Designee & Activity Director Course!

We are thrilled to confirm your enrollment in Mission Health's first ever state-approved Social Service Designee (SSD) and Activity Director (AD) course—congratulations on being part of our very first pilot group! ☒

We truly appreciate you trusting us to deliver a structured, engaging, and resource-rich learning

experience. This course has been a long time in the making, and your instructor has worked hard to ensure it meets all Kansas state requirements.

Over the next 6 weeks, we hope you find the course both enjoyable and informative, gaining deeper insight into the vital roles SSDs and ADs play in long-term care.

## COURSE DETAILS:

**Format:** Online (didactic portion) plus  
**Required field observation days**

- You'll observe an experienced SSD, AD, or both.
- An instructor will contact you after the course begins to schedule your observation days.

## MEET YOUR INSTRUCTORS:

**Ambeur Hill**, RN/Education Specialist  
Lead instructor

**Glenda Crellin**, RN/Sr. Director of  
Education Services – *that's me!*

*I'll support quality assurance and be available to assist you throughout the course.*

## WHAT'S NEXT:

1. **End of This Week:** Watch for an email from Ambeur with detailed course content and state requirements.
2. **Monday Morning, April 28, 2025:** You'll receive an email with the course invitation link from [goberleymissionclasses@gmail.com](mailto:goberleymissionclasses@gmail.com). Be sure to check your spam folder if it doesn't appear in your inbox.

We're so excited to launch this new program and even more excited to have YOU be part of it.

### Glenda

RN, Sr. Director of Education Services  
Mission Health Communities

**Note:** Google Classroom is our current learning platform. If you've enrolled using a work email, we highly recommend providing a Gmail address for easier access and smoother navigation. Please send any email updates to me before Monday.

If you're new to online courses—don't worry! We've included helpful tutorials in the introduction, and we're always happy to assist via Zoom. Most learners find Google Classroom very user-friendly.
